Summary

[portfolio](#)

Enthusiastic React Frontend Developer with a strong foundation in JavaScript, HTML, and CSS, currently pursuing an MCA. Passionate about building responsive, user-focused web applications, skilled in component development, state management, and UI optimization.

Skills

HTML, CSS, JavaScript, React, Tailwind CSS, Redux, appwrite, MySQL

Projects

NoteTaking Web App

Link: [Live Demo](#)

Tech Stack: React, Redux, Tailwind CSS, Appwrite, React Router DOM, Context API

Description: A responsive and feature-rich note-taking web application that enables users to sign up, log in, and efficiently create, categorize, and manage their notes within categorized boards. The app offers CRUD operations and provides a seamless experience for organizing content.

Features:

- **User Authentication:** Secure signup and login using Appwrite.
- **Note Management:** Create, read, update, and delete notes with rich text formatting.
- **Categorization:** Organize notes under different boards.
- **State Management:** Efficient data handling with Context API and Redux.
- **Responsive Design:** Seamless experience across devices using Tailwind CSS.

HDPNGWorld

Link: [HDPNGWorld](#)

Technologies Used: HTML, CSS, JavaScript, PHP, MySQL, AdSense

Project Overview:

Developed an image website specializing in high-quality PNG images for designers and creators, providing a wide range of downloadable resources.

Key Features:

- **Dynamic Page Generation:** Enabled infinite page creation based on categories and tags for scalable content.
- **Extensive Image Library:** Curated a diverse collection of high-definition PNG images stored in a MySQL database for easy access.
- **User-Friendly Interface:** Designed an intuitive layout for effortless browsing and downloading.
- **Ad Monetization:** Integrated Google AdSense for revenue generation through optimized ad placements.
- **SEO Optimization:** Implemented best practices to enhance visibility and increase organic traffic.
- **Responsive Design:** Ensured optimal performance across devices for improved accessibility.
